

Dear Wes,

Here's a DVD with my pics
and videos of Michael's 5x6 Elk.
I can't thank you enough for
all you do to make a hunt like
this possible. Michael and I
had the time of our lives.

Like you had said, there is
something sacred about taking
one of these magnificent creatures.

As we observe these creatures in
the wild, we can't help but stand in
awe of God's creation, and yet He
gave man dominion over them from
the beginning. Therein lies the mystery:
we respect and protect His creation,
yet we take their lives.

Michael and I are changed men.
Thanks for the adventure,

Jim Morris

Wes ~
Thank you for the
trip of a lifetime, and
for opening your home
to us. You are so
blessed. I enjoyed my
time at Rachelle ☺
All the best, Madeline
