

Wes,

I just wanted to say "thank you" for allowing me the opportunity to hunt with Atkinson Expeditions. First, every individual I was surrounded by was a true professional and just "an all around good person," including my guide Matt, the Keelan's at the B&B, your wife Rachelle, and of course yourself. Next the quality of animals I saw was remarkable, including the antelope I was hunting and also the mule deer and elk. I was amazed at the 200-250 elk we saw and heard bugling and cow calling, not to mention the 170-180 class mule deer that we saw. I have nothing but positive things to say about your operation and definitely plan on hunting with Atkinson Expeditions for many years.

Sincerely,

JJ Kapuchuck
