

Hi kids,

Home safe and sound. Weather was good until we reached ? pass, had to put chains on by the summit drove 5 miles & took them off. At least we had them to put on.

Thank you for a wonderful time. Larry is talking up a storm and so is Mark. I plan on going to the store this morning when everyone arrives for work. That way I won't hear the stories again.

Please come our way anytime you can make it we would love to return the kindness.

As ever,  
Larry and Shirley

Sorry I missed Richard. You all run a great hunting unit. I think all your guides think like deer and elk. Larry
