

Wes, Rachelle, and Rob,

A big thank you goes out to Atkinson Expedition and all of you. I had a great time meeting all of you and a great hunting experience.

For me, any time spent out west in the mountains is a great time, but AE made this trip even better. In my opinion, AE is a top notch operation with an abundance of high quality animals.

I hope all of you and your families had a great Thanksgiving holiday,..... and from myself and my family to all of you Merry Christmas and Happy New Years!

Rob wanted me to send my mailing address, so that he could send me a CD of pictures of my hunt.
